Introduction

This is the home page for the Requirements and Software Architecture Committee, as approved for formation by the TOC on May 1, 2019.

The overall goal for this committee is to grow the community of developers contributing code and also growing the community of companies running O-RAN SC instances, via focus on these areas: Release functionality, WG activities, Policies

Releases

"G" - Hardening
"F" - O-cloud
"E" - n/w slicing
Planned December 2021 - Release Planning Info

"D" - Closed Loop Processing
Planned June 2021 - Release Planning Info

Cherry - Application LCM & Traffic Steering (integrated functions)
Planned December 2020 - Release Planning Info

Bronze - End-to-End RAN communications (integrated functions)
Planned June 2020 - Release Planning Info

Amber - Initial RAN Elements (limited integration)
Released December 2019

Release Amber and release Bronze
Check the contributions page for documents marked Release Amber or Release Bronze: Contributions

Meetings

The RSAC Meetings page provides meeting schedule, agendas, minutes, etc.

We alternate between Tue 9pm and Wed 8am eastern every week; RSAC Calendar: https://wiki.o-ran-sc.org/display/RSAC/calendars

1. Zoom bridge: https://zoom.us/j/9644759813

RSAC co-chairs

Rittwik Jana, Google, rittwikj AT google.com

David Kinsey, AT&T, djk8126@att.com
## Partnership and Alignment with O-RAN Alliance Working Groups (contacts)
