

# 2020-03-13 API document discussion meeting notes

Discussion of how to form OSC API document and how to generate it from different projects.

Agree to have an API docs on the homepage

Tool selection

1. Swagger, yaml format, it is a public link and on the internet
2. doxygen, need generate doxygen upload it to the internet, create a link.
3. java doc, generate html

Need a way to auto generate API document, LF team may have experience, contact IT [weichen ni](#)
