2020-06-30 meeting agenda and minutes

Participants:

Xiaohua Zhang/Jackie Huang/Bin Yang/Paul Carver/ Krishnaan

- Update about the INF final image generation Jackie Huang
    - Issues we ever met:
        - Some upstream site is not stable, during the compiliation it need fetch the packages from upstream repo, it will failed if it can't get the packages. add some configuration with more mirror sites to make sure the download could succeed.
        - Ceph compilation issue: resolve by set Ceph compile as the single thread.
        - Workaround for the ext4 file system issue.
    - Restart the sandbox test jenkins job.
        - Will need 1 or 2 days to get the test result.
    - After we get the sanbox jenkins job done, Bin will work on the final CI job.
- Update about the INF in INT lab with ODU Xiaohua Zhang
    - Intel is working on to provide another set of the servers.
    - When HW is avalible, Bin Yang will continue to work with the ODU team.
    - Need to discuss ODU team for schedule and resource.
- Check the Cherry release EPICs at INF project EPICs in Release Cherry, provide the feedback please.
- AR: Xiaohua ZhangDetails for the components in Bronze.
